Wetherell and Co., Inc / Bil Pry Corp.

SUMMARY OF COMMUNICATION

Clean-up activity at site. Some clean-up of drums in facility yard has occurred. Drums (16) on small hill are still present. No samplings completed to determine content of drums.

Company and an independent contractor will be hired by July, 1987 to initiate clean-up, and ~~costs~~ method of disposal will be determined by previous owner, who left drums behind.

Drums are also stored on 3rd floor of building. Company would like to determine if they could possibly use contents of drums in their own process. Content of drums inside is known.

CONCLUSIONS, ACTION TAKEN OR REQUIRED

Mr. Bonenberger will be contacted in one month to determine if contractor has initiated work, and if sampling data will become available.
